To Whom It May Concern

October 2012

Reference: **Maloney Contractors Ltd**
4049 Westside Road North, Kelowna

I have been involved on two projects with Maloney, an 8.3mil BCHousing LEED Gold residential project in Dawson Creek and a 2.0mil elementary school in Port Edward. On both of these publicly tendered projects, Maloney had a commitment to meeting the client's needs and worked closely with client and consultants to ensure that the best possible building is achieved. Maloney always had the projects' interest at heart and 'wanted' to do a good job. Both projects had budget constraints and Maloney worked closely to try and keep any additional costs to a minimum.

Kathy Maloney-Johnson was excellent in providing the project management and paperwork in an efficient manner. Warren Johnson, as site superintendent, was hands on, is knowledgeable on all disciplines of construction, and is committed to quality. Warren was easy to work with and ensured coordination amongst trades, and asked questions before charging ahead. A good trait from an architects perspective.

I wouldn't hesitate in recommending Maloney Contractors for future projects, and look forward to working with them again.

Regards

Anthony Boni, Architect AIBC
